

***ALUMNI LECTURE SERIES***  
***A LECTURE BY MR PRASHANT GIARE***

Mr. Prashant Gaire, an esteemed alumnus, delivered an insightful talk on the topic of "Manufacturing Excellence, Plant Operations, and Supply Chain Management" during a special alumni event.

**SANT LONGOWAL INSTITUTE OF  
ENGINEERING AND TECHNOLOGY**  
DEPARTMENT OF FOOD ENGINEERING AND TECHNOLOGY  
**ALUMNI LECTURE SERIES**

**16th OCTOBER, 2022**  
**11.30 AM Onwards**

**"MANUFACTURING  
EXCELLENCE, PLANT  
OPERATION, SUPPLY  
CHAIN MANAGEMENT"**

**PARSHANT GIARE  
GENERAL MANAGER  
(OPERATIONS)**

**PERNOD RICARD ,INDIA  
GURGAON**

During his presentation, Mr. Gaire emphasized the crucial role of manufacturing excellence in driving organizational success. He discussed the importance of

optimizing processes, reducing waste, and implementing lean manufacturing principles to enhance productivity and efficiency within a plant.

Mr. Gaire shared his expertise on plant operations, shedding light on key strategies for managing production, maintenance, and quality control. He highlighted the significance of adopting modern technologies and automation to streamline operations and ensure consistent output.

Supply chain management was another vital area covered in Mr. Gaire's talk. He highlighted the significance of a well-structured and efficient supply chain in meeting customer demands and maintaining a competitive edge. He discussed concepts like demand forecasting, inventory management, and logistics optimization.

Drawing from his industry experience, Mr. Gaire stressed the importance of collaboration and coordination among different stakeholders within the manufacturing and supply chain ecosystem. He emphasized the need for effective

communication and shared goals to drive synergy and achieve operational excellence.

Attendees gained valuable insights into best practices for optimizing manufacturing processes, plant operations, and supply chain management. They were inspired by Mr. Gaire's success stories and practical examples, which illustrated how these concepts can be implemented in real-world scenarios.

The talk sparked engaging discussions and interactive sessions, with attendees exchanging ideas and experiences. Participants appreciated Mr. Gaire's ability to simplify complex concepts and make them accessible to all, regardless of their background or expertise.

Overall, Mr. Prashant Gaire's talk on manufacturing excellence, plant operations, and supply chain management was an enriching experience, providing attendees with a comprehensive understanding of the key factors that contribute to organizational success in these areas. His expertise and insights will undoubtedly inspire professionals to implement effective strategies and drive operational excellence in their respective industries.
