

ALUMNI LECTURE SERIES-
INTERACTIVE SESSION
BY
TANUSHREE BANERJEE

Ms. Tanushree Banerjee, an esteemed alumna of the Food Engineering and Technology Department, recently conducted an interactive session with current students of the department. The focus of the session was to educate students on how to prepare themselves for industry interviews.

During the session, Ms. Banerjee emphasized the importance of consistency in studies and clearing fundamental concepts to excel in the technical sessions of interviews. She encouraged students to dedicate sufficient time to understand and master core subjects related to food engineering and technology.

Ms. Banerjee shared her personal experiences and insights into the interview process, providing valuable tips and strategies to enhance students' chances of

success. She stressed the significance of thorough research about the company and its products/services, as well as staying updated with industry trends.

She highlighted the importance of demonstrating a strong work ethic, problem-solving skills, and effective communication during interviews. Ms. Banerjee advised students to showcase their ability to work in teams, their adaptability, and their willingness to learn and grow within the industry.

The interactive session allowed students to ask questions and seek clarifications on specific interview scenarios. Ms. Banerjee provided practical examples to make the session engaging and relatable. Students appreciated Ms. Banerjee's guidance and practical advice, as it gave them a clear direction on how to prepare effectively for their future interviews. Her emphasis on building a strong foundation of technical knowledge and demonstrating a positive attitude resonated well with the students.

The session concluded with students feeling more confident and motivated to take on future interview challenges. They acknowledged the importance of consistent effort in their studies and pledged to work towards mastering the fundamentals of food engineering and technology. Overall, Ms. Tanushree Banerjee's interactive session on interview preparation for the industry was an invaluable experience for the students of the Food Engineering and Technology Department. Her insights and practical tips will undoubtedly equip them with the necessary skills and mindset to succeed in their upcoming interviews and excel in their careers.
